(2) Substantial containers or holders of domestic manufacture, including shooks and staves when returned as boxes or barrels, when in use at the time of importation as the usual containers of merchandise;

(3) Any article provided for in subheadings 9801.00.70 or 9801.00.80, HTSUS, with respect to which the port director has determined that the collection of duty under such subheadings 9801.00.70 or 9801.00.80, HTSUS, would involve an expense and inconvenience to the Government disproportionate to the probable amount of such duty; and

(4) Other articles of domestic manufacture which are in use at the time of importation as the usual coverings or containers of merchandise not subject to an ad valorem rate of duty, and which have not been advanced in value or improved in condition while abroad by any process of manufacture or other means.

§ 10.4 Internal-revenue marks; erasure.

Internal-revenue brands or marks on casks or other containers previously exported from the United States must be erased at the importer's expense under Customs supervision before their delivery from Customs custody.

§ 10.5 Shooks and staves; cloth boards; port director's account.

(a) Shooks and staves produced in the United States and returned in the form of complete boxes or barrels in use as the usual containers of merchandise are exempt from any duties imposed by the tariff laws upon similar containers made of foreign shooks or staves, provided their identity is established under the regulations in this part.

(b) The term “shook” embraces only shooks which at the time of exportation from this country are ready to be assembled into boxes or barrels without further cutting to size; except that box shooks may be exported in double lengths and cut abroad. The number of boxes made from such shooks which may be imported into this country free of duty cannot exceed the number of complete sets of shooks exported.

(c) [Reserved]

(d) An exporter of shooks or staves in respect of which free entry is to be claimed when returned as boxes or barrels shall file in triplicate with the director of the port of exportation, at least 6 hours before the landing of the articles on the exporting vessel, a Certificate of Registration, Customs Form 4455.

(e) The Certificate of Registration, CF 4455, shall be completed in triplicate by the port director after verification from the manifest of the exporting vessel and the return of the lading officer. The original shall be forwarded by the port director to the consignee. The duplicate copy shall be given to the exporter and the triplicate copy shall be retained.

(f) Whenever boxes or barrels alleged to have been manufactured from American shooks or staves are shipped to the United States from a person abroad other than the one to whom they were exported from the United States, the importer shall be required to obtain from the foreign consignee to whom the shooks or staves were originally exported from this country the certificate or certificates, Customs Form 4455, covering the exportation of the shooks or staves from the United States, or an extract therefrom signed by such consignee, showing the number of shooks or staves covered by such certificate or certificates, together with the number of superficial feet of such shooks or staves. Such Form 4455, or extract therefrom, shall be filed by the importer in connection with the entry of the boxes or barrels.

(g) Accounts shall be kept by the director of the port of exportation of the shooks and staves as to each exportation thereof and as to the returns thereof in boxes, barrels, etc. Notifications of such returns shall be given to the port of exportation by the director of the port of importation. When returns in the form of boxes, barrels, etc., entirely account for the shooks and staves exported as shown on the appropriate Customs Form 4455, the port director maintaining the account shall so inform the port director making inquiry about the merchandise being imported and alleged to contain shooks or staves covered by the particular exportation.

(h) A record of cloth boards of domestic manufacture exported to be wrapped with foreign textiles shall be kept by the port director in a similar manner as for shooks and staves. Cloth boards of domestic manufacture are conditionally free of duty under Chapter 98, subchapter 1, Harmonized Tariff Schedule of the United States (HTSUS). If such boards are advanced in value or improved in condition while abroad, free entry shall be denied on importation.

§ 10.6 Shooks and staves; claim for duty exemption.

An importer, seeking an exemption from duty on account of boxes or barrels made from American shooks or staves, must make such a claim on Customs Form 4455 at the time of filing the entry. Upon receipt, from the director of the port of exportation of the shooks and staves, of corroboration that the records of exportation do not conflict materially with such a claim, the exemption may be allowed. If the claim for an exemption is disallowed in full or in part, the importer may file a request within 15 days of the date of the port director's notice to him of any disallowance, for referral of the question to the Commissioner of Customs for review.

When such containers or holders are imported not containing or holding merchandise they may be admitted without entry if readily identifiable as products of the United States.
